# Kansas Thoughts on Driver Education in the Digital Age

July 2014

#### Joan Peterson:

Landon State Office Building CSAS, Driver Education 900 SW Jackson St., Suite 653 Topeka KS 66612

Phone: 785-296-8107

Fax: 785-291-3791

## Before my daughter took Driver Ed, this is how she would add a quart of oil.

# MANY OF OUR KS TEACHERS ARE CLOSE TO RETIREMENT (3)

Instructor endorsement has been totally revamped to consist of on-line classroom and a student teaching block. No seat time!

WHY?
ACCESSIBILITY!
TO KEEP THE PROGRAM ALIVE!

## What? No Seat Time! I don't like change! Come on, Mutt and Jeff, let's get outta hear!

# It's Technology! Whether we like it or not..... ©

On-line teaching is used for both teaching the instructors and for teaching the students. Safeguards are in place to assure that students are comprehending the material.

#### In fact, I am devoted to my computer.

## Driving technology has also come a long way. This is available on cars NOW......

## Unfortunately, this is what I have.

But, why shouldn't our method of teaching evolve too?
It's computers for everything these days!

How hard would it be to get KS into the computer age for everything?

#### Try This:

1. While sitting down, lift your right foot off the floor and make clockwise circles.

2. Now, while doing this, draw the number "6" in the air (or on paper) with you <u>right hand</u>.

# But, really, all you have to do is have the right attitude about this! ©

Meet Mike!

### Thank you for attending my session! No autographs, Please! ©

Time For Questions Or Comments!

# Let's take a look at our next slide.
